City and area

Means: barge, vessel

Destination: HCM city

Barge

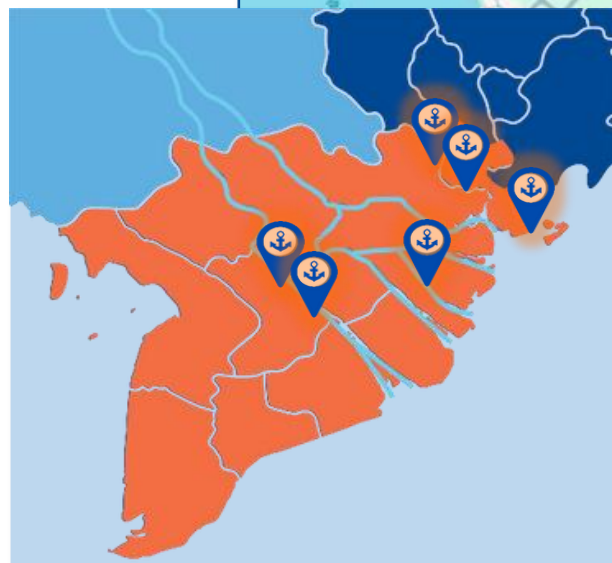

Packing, checking, loading

Container vessel, bulk vessel

Transportation & channel

Transportation channel from Mekong Delta to HCM City

Rice packing SOP

- Track vehicle schedules (ships/barges/boats) and arrange berths and buoys.
- Supervise the entire loading, unloading and packing process at the site.
- Count and make records to confirm the quantity and quality of goods.
- Coordinate empty containers to the packing yard on schedule.
- Carry out customs declaration procedures quickly and cost-effectively.

Packing rice by mother vessel at buoy and a long side	Traditional transport	Transport using VIMC ports system
Saving costs		✓
Competitive price		✓
Make a trust to customers		✓

Rice container packing Delivery at Mekong Delta ports to -HCM/ Cai Mep	Traditional transport	Transport using VIMC ports system
Reduce road pressure, reduce CO2 emissions		✓
Save on transportation costs		✓
Improve the peace of mind of the shipper		✓
Take advantage of the ports in the Mekong Delta		✓
Synchronize the domestic transport chain with international shipping		✓
Quickly load rice onto containers at the Mekong Delta Port, shortening the time for rice on boats		✓
Easy to manage, convenient to monitor, adjust the increase or decrease of quantity when loading goods onto containers at the Mekong Delta port area instead of going all the way to Ho Chi Minh City Port		✓

Why choose us?

- Comprehensive logistics ecosystem: directly pick up goods from the factory, continuously transport to the port, no intermediaries.
- Flexible multimodal transport (barge - container - road), optimizing time and cost.
- Private floating buoy system at Cai Mep, helping to reduce 1-2 days compared to the normal process.
- Proactively consult and handle arising situations, especially for difficult markets such as the Philippines and Indonesia. Committed to ensuring progress, maximum support for customers during peak seasons (summer-autumn crop or urgent clearance periods).

Thank you!
